Please find below and/or attached an Office communication concerning this application or proceeding.

Commissioner for Patents

1. Notice of an Improper Request for Continued Examination (RCE)

An RCE was filed on 01/02/2008. However, the RCE is improper because it lacks an appropriate submission. Applicant has attempted to incorporate an Amendment filed on July 27, 2007 by reference. The Amendment dated July 27, 2007 was in response to the Non-Final Rejection mailed March 27, 2007. A proper RCE submission must be a reply to the final rejection (note MPEP 706.07(h) II. Submission Requirement). The Final Rejection dated October 02, 2007 contained new ground(s) of rejection that were necessitated by the July 27, 2007 Amendment. Therefore, the July 27, 2007 can not be a proper reply to the Final Rejection.

2. Suspension of Action

The Office does not recognize the Request for Suspension of Action when the request is filed with an Improper RCE (note MPEP 709 I. B. 3. Improper RCE or CPA (No Filing Date Granted)). The action by the Office will not be suspended and the time period set in the final Office Action mailed October 02, 2007 continues to run. If applicant subsequently files another RCE, the request for suspension should be resubmitted to ensure that the Office processes the request for suspension properly. The request for suspension of action will not be processed until the Office accords a filing date to the CPA or receives a proper RCE in compliance with 37 CFR 1.114.
